

EASY, EASY . . . Mrs. Louise Finch (left) explains a patient-lifting technique to Mrs. John Stephens, secretary and treasurer of the Home Nursing Committee of the Red Cross, while Mrs. John Beeman, chairman of the committee, demonstrates the technique on Mrs. Julia Stamps, co-chairman of the committee. Classes in home nursing are being taught by both Mrs. Finch and Mrs. Beeman at the Torrance High School as part of the adult education and Red Cross training program.—Herald Photo.

**It May Be So, But I Don't Know!**

Head man of the three theaters in Torrance, Jack Dabbs points out that the titles of three pictures shown on the same bill at the Stadium Theater last week had a bit of timely advice to offer. The three attractions were titled, "For Heavens Sake," "Walk Softly Stranger," "You Can Beat the A-Bomb."

**A Trained Home Nurse In Each House Is Goal**

At least one trained home nurse in every home is the goal of the sponsors of two classes in Home Nursing currently being offered under the joint sponsorship of the American Red Cross and the Torrance School of Adult Education. The 12-hour free classes teach home care of the sick and injured with emphasis on practical nursing, procedure, treatment, diet, bed care, use of

steam inhalators and compresses for home patients.

"The course in home nursing is step number two following training in first aid in a program aimed at teaching at least one person in each household how to care for the sick and injured in cases of emergencies," said Mrs. John Beeman, chairman of the Home Nursing Committee of the American Red Cross.

The class is offered on Monday and Wednesday evenings from 7:30 to 9:30 p.m., in the faculty lounge at Torrance High School under the instructorship of Mrs. Louise Finch of the Adult Education Department, and on Tuesday and Thursday from 9:30 to 11:30 a.m., by Mrs. Beeman. The next class in which new enrollees are being accepted will be held on Tuesdays and Thursdays from 7:30 to 9:30 p.m., starting February 27th. Mrs. Beeman will instruct. Another class will start March 7 and will be taught on Monday and Wednesday evenings from 7:30 to 9:30 p.m., instructed by Mrs. Finch.

Upon completion of the three week course enrollees are awarded a certificate and pin. Mrs. Beeman pointed out the classes were not limited to women.

"When the woman in the household is confined to bed the job of maintaining the home is quite a problem," Mrs. Beeman said. "It will help if the men in the home have taken the home nursing class."

Six classes have been held so far and have resulted in the training of 60 persons in home nursing.

**ANNIVERSARY DATE**

Three American presidents died on July 4. They were John Adams, Thomas Jefferson and James Monroe.

**Hi-Lites Of Seaside Heights**

By GRACE BYCKMAN AND MERLE HOLSTIN  
Frontier 5-3718

The Heights extend a welcome-home to Mrs. Joe Johnson of Bindowald road. Your neighbors sure did miss your happy nonsense, Esther girl.

The Cub Scouts of this tract are to be congratulated on their work in collecting the ash trays for the Korean vets. But they couldn't have been successful without the help of the givers.

Last Wednesday, February 7, Mrs. Claude Gilbert entertained the Stitch and Chatter Club with luncheon at her home on Zakon road. Need I say more chatter than stitch?

Next time you are down on the highway near the Whitehill Hardware, take a peek in their window and see the Cub Scout display. Our local talent is No. 726-C. Incidentally, Mr. Win Gravin is now the Submaster.

Little Tommie Sokolowski celebrated his birthday Sunday, February 11 with a big party. From the way things went, one wouldn't know if Mary (his mother) or Tommie had the better time.

Don't forget, even though there is no printed announcement brought to your door, the Home Owners Association meeting is still the third Thursday of each month, El Retiro Park. That's today—the 15th. See you there.

Vanderhill Road is certainly a proud place right now—with good cause, too! Mrs. Leonard Priestly, of 5224 Vanderhill road, gave birth to twins. Wee Janet Ellner, four pounds, four ounces, and little Gregory Charles, five pounds, four ounces, in the Los Cerritos Maternity Hospital, Long Beach. Most of the families of that street have joined together in expanding the one baby wardrobe to do for two babies. The bassinets are trimmed and other necessities taken care of. Just one thing is still needed—badly—a twin buggy, do you have one? Daddy Priestly, machinist, first class USN, came home on a four-day emergency leave. The seventeen-month-old brother of the twins is being cared for by the proud grandparents, Mr. and Mrs. F. E. McCord of Iowa City, Iowa.

**Widow of Man Buried Alive Seeks \$3000, 'Misconduct' Death Benefit**

Mrs. Grace E. Newton, widow of a workman buried alive in a cave-in at Chandler's Palos Verdes Sand and Gravel Pit last February, is seeking an additional \$3000 death benefit payment on the claim that the management of the pit was guilty of "serious and willful misconduct," which resulted in her husband's death.

The hearing, scheduled for 9:30 a.m. yesterday morning before Referee Whitelaw Bond of the Industrial Accident Commission in Long Beach, was continued when it developed that Linden Chandler, the defendant, was out of state and unable to attend the hearing.

Subpoenaed to testify at the hearing were two workers who barely escaped being buried in the cave-in which took the life of Lester L. Newton, superintendent of the sand pit operation.

Ordered to appear at the hearing to be held in the Town Hall (Masonic Temple), 835 Locust avenue, Long Beach, were: Carl L. Dean, 2414 Pacific

Coast Highway and Ed Hughes, 8116 MacAfee Road.

Dean and Hughes scamppered to safety February 17, 1950, as hundreds of tons of sand from the side of a 300-foot pit broke loose and buried Newton. He was carrying 144 sticks of dynamite which were buried with him.

Mrs. Newton, who lives at 25209 Carbonne avenue, already has collected \$6000 as the normal death benefit payment from the Casualty Insurance Company of California, which carries the compensation insurance for Linden Chandler, owner of the sandpit. She also received \$400

funeral expenses.

The additional \$3000 she seeks will be paid to her if her husband's death is found to have been caused by the "serious and willful misconduct" as levied in the charges.

Newton, then 55 years of age, Dean and Hughes were attempting to dynamite the side of the pit when the avalanche of sand came roaring downward. Fellow workers led by Chandler worked for 22 hours attempting to locate Newton's body. Subsequent sandslides, darkness and fog hampered their rescue efforts. A shovel, buried with Newton and located with the aid of a pipeline tracer.

**The Event of the Year!**

**Thursday — Friday — Saturday**

Dollar Days in Torrance are always bargain days . . . and this is no exception. Check this entire paper . . . and get in on this Dollar Saving event yourself!
